It is well written, well laid out, filled with great photos and clear descriptions, and the best part is the accompanying cd. The cd has the maker marks for a huge number of doll manufacturers. And, for the collector and/or the buyer and seller of dolls, this cd is a very valuable resource. This is a reference/price guide that I have absolutely zero hesitation in highly recommending.1 of 1 people found the following review helpful. Began buying and selling antique dolls last
