From Brand: Krause Pubns Inc : 2003 Standard Catalog of Baseball Cards (12th Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised 2003 Standard Catalog of Baseball Cards (12th Edition):

6 of 6 people found the following review helpful. The Best Baseball Card ResourceBy David G EvensonIf you're a card collector, this is the book for you. Every set imaginable is listed by card #, example photo, and value. It even shows card set variations. For example, the 1916 Altoona Tribune set is actually the same as the 1916 The Sporting New set with a different back. This has been an invaluable tool in my quest of the complete Pete Rose collection, as well as, giving me a renewed enthusiasm for the players of old.0 of 0 people found the following review helpful. The Bible..as vintage card collecting goes...By Eric EichelkrautThank you Bob Lemke! Once again, Bob and his staff has assembled an amazing,in-depth collection of baseball card information, that is second to none. No matter what issue

you're looking for, whether it be from the 19th century, or just last year..you can bet that the SCD has the most accurate coverage and pricing of any price guide offered. If you collect baseball cards, this is a must have!!1 of 2 people found the following review helpful. Outstanding Book!By Louis D SteinritzI have been purchasing this complete baseball card priceguide for the past five years. This is one guide a seriouscollector should not be without!

Due to the very active baseball card market this past year, now is a great time to buy - if collectors know what to look for. Totally updated and expanded to reflect the most current values for the nearly 450,000 baseball cards listed, this new 12th edition shows collectors the best deals. Features comprehensive coverage of cards released from 1869 to 2002, including new listings of vintage cards since the 1870s. Revised values are also given for coins, pins, photos, posters, figures, team-issues, and other memorabilia. Over 9,500 sets are presented with checklists and descriptions accompanied by more than 12,000 photographs of individual cards to assist with identification. Cross-referenced indexes make it easy to utilise this volume of data.
