Arlene Dunn : 2007 Brookman Price Guide United States Canada Stamps Postal Collectibles (Brookman Stamp Price Guide (Spiral)) before purchasing it in order to gage whether or not it would be worth my time, and all praised 2007 Brookman Price Guide United States Canada Stamps Postal Collectibles (Brookman Stamp Price Guide (Spiral)):

3 of 3 people found the following review helpful. If you like stamp collecting....By Pascal J. BenvenutiI have tons of U.S. and Canadian stamps that I have amassed throughout the years and felt it was time to see what they may be worth. The Brookman 2007 price guide will help you identify each stamp, stamp variation and it's going price. It will also help with autographs and First day covers etc. I also found the spiral binding to be very beneficial. If you collect stamps, you must get this book.4 of 4 people found the following review helpful. Great reference and get it with the spiral bindingBy EdGreat reference for all things U.S. and territories -- like it better than Scotts. Get the spiral binding, couple of extra bucks but believe me it is great for laying it open to look at.0 of 0 people found the following review helpful. Works good for cataloging stampsBy KCABought this to catalog some older stamps. Its user friendly and seems accurate. Buy the spiral edition if your gonna use this for a long period of time as it stays open without help.

The Brookman Price Guide is a widely used retail price guide for US stamps and postal collectibles. The 2007 edition

features thousands of price changes and hundreds of new illustrations for US and Canadian stamps and US First Day Covers released from 1847-2006. The 360-page guide also includes US Territories, souvenir cards, souvenir pages and commemorative panels. A special autograph section covers Presidents, government figures, military leaders, celebrities, athletes and more. It is the only price guide that lists autographs on cover.
