Older catalog but still usefulBy ChiefJDVery useful catalog. Used, but in very good shape; however, the DVD included was cracked completely into two pieces. In my case that didn't matter, as I wouldn't have used it anyway. Quite happy with the catalog!0 of 0 people found the following review helpful. Standard Catalog of World Coins - 1091-2000-2009 EditionBy Fun to ShopRegardless that this is not the most current edition of the Standard Catalog of World Coins - 1901-2000, it was an excellent gift for our grandson,

who is getting interested in coin collecting. Good buy!

All coins of the world from 1901 to 2000, including collector coins, sets, trial strikes, Pieforts, patterns, token issues, etc., fully illustrated and offering the most up-to-date pricing in 5 grades. The information in this catalogue exists only in a library of outdated references. This book is the only accurate up-to-date data for all world coins of the 20th century. This book is completely re-designed package providing a more user-friendly size for this massive data.
