Whitman Publishing : 2009 Washington Quarter Album with Territory Page (State Series Quarters Album With New Territories) before purchasing it in order to gage whether or not it would be worth my time, and all praised 2009 Washington Quarter Album with Territory Page (State Series Quarters Album With New Territories):

3 of 3 people found the following review helpful. Book is brand new By Scott Book is brand new and of nice quality. The titles for state quarter books on are a little misleading though as this is only the album for the territory quarters and nothing more.

Classic Whitman Album which includes spaces for the 2009 Territory quarters as well as the Washington quarters to

come in the years after.
