Editors of Old Cars Report Price Guide : 2014 Collector Car Price Guide before purchasing it in order to gage whether or not it would be worth my time, and all praised 2014 Collector Car Price Guide:

0 of 0 people found the following review helpful. Expanded Listings Make it Better Than Ever By Billy Bear I've purchased a number of old cars price guides from this publisher over the years. This one is expanded beyond some of the earlier versions and covers many more types of vehicles. Essentially, all the vehicles I might be interested in are listed somewhere in the guide. That is a real plus. I can't vouch for the accuracy of the pricing, but do appreciate all the

work that has been put into the price guide. It is designed to be a guide, and not a definitive list of values, but the guide is a very good reference point to start negotiations on any old car purchase. The price is right also for the book. Very reasonable. 0 of 0 people found the following review helpful. Best Price Guide By Frank Z Best Price Guide I could find. My buddy and I were going to a car auction so we needed to have a limit for our bidding. As things turned out the cars were being sold for more money than what was listed in the guide. Better lower than higher. 0 of 0 people found the following review helpful. Great guide to pricing antique cars By Kenneth L. Smith This price guide is a huge help in knowing how to price cars for both selling and buying antique cars. At least, that is my use. I have bought many of these guides and this is the best of all.

The authority for collector car pricing! With 800 pages of pricing you can take with you anywhere, the 2014 Collector Car Price Guide is the ultimate pricing resource for car hobbyists. From pristine pre-war Classics, to orphan post-war favorites, to the glory days of American muscle, you can find out what it's worth, and what people are paying for it, in the most comprehensive price guide on the market. More than 250,000 accurate price listings from 1901 to 2006. Exclusive 1 to 6 condition grading places values in all conditions, from show car to parts car. Covers every mass-produced US car. Domestic cars, light trucks, and select imported cars and trucks.
