From Gun Digest Books : 2015 Standard Catalog of Firearms: The Collector's Price Reference Guide before purchasing it in order to gage whether or not it would be worth my time, and all praised 2015 Standard Catalog of Firearms: The Collector's Price Reference Guide:

17 of 17 people found the following review helpful. Have both the blue book of gun values and this ...By Kevin GrieveHave both the blue book of gun values and this publication. I prefer this one over the blue book because this book has photos which is helpful to a novice such as myself and also seems to go into more detailed descriptions.10 of 10 people found the following review helpful. Best firearms price guideBy Michael F EmleyBest overall firearms price guide in my opinion. Much easier to use than the Blue Book and values are closer to reality. Biggest drawback is the values for 90% of the firearms do not seem to get updated year after year. Prices for many firearms have risen but

the book rarely changes. Some mistakes can be found as well but overall an accurate guide. Not perfect, but by far the best and most complete guide available. 1 of 1 people found the following review helpful. The best guide I have seen yet! The pictures are extremely helpful! By Nick Ricci I needed this to identify and price a number of guns that I inherited. I previously had no knowledge on guns or their values. This book made it extremely simple to figure out just what I had and the correct values. The best part about this book is that many of the listings show pictures of the guns! I also purchased the "Blue Book of Gun Values", which I was told was the best, but there were no pictures and I was often lost and confused. Definitely worth the price, the best price guide I have seen yet!

The Standard Catalog of Firearms is the preferred desk reference guide to the world of antique, vintage and modern firearms from around the world, with over 26,000 listings of collectible and modern firearms. The hobby's only illustrated firearms pricing and identification guide. Includes a blend of features ("Sleeper" alerts, color photo section) found in no other firearms guide. 16-pp. color photo section showcasing the hottest trends of the year. Standard Catalog of Firearms is a uniquely valuable guide to the world of collectible firearms. You will be not only be able to accurately identify collectible firearms but assign values to them as well. With this information, you will be able to buy, sell, collect and trade firearms with confidence and without fear that you are paying too much or selling for too little. To a collector, this type of information is pure gold.

About the Author Jerry Lee has been editor of some of the leading magazines in the firearms field including Guns, Petersen's Handguns, Rifle Shooter, and many Guns Ammo and Shooting Times Special Interest Publications.
