**From Krause Publications :** 2015 U.S. Coin Digest: The Complete Guide to Current Market Values before purchasing it in order to gauge whether or not it would be worth my time, and all praised 2015 U.S. Coin Digest: The Complete Guide to Current Market Values:

0 of 0 people found the following review helpful. I've used a few previous editions and I like the cover on this one much better. By Kim I've used a few previous editions and I like the cover on this one much better. It's hardback (both sides) with the spiral edition inside. Those that don't understand the indexing don't realize it's by an easy to use system. It starts with the lowest denominations and flows into higher ones. Coin values are clearly stated with a G4 rating being the first on the horizontal value list. It includes lots of nice pictures next to the coin. A very good book for coin

collectors! I always wait about 3 years before buying the latest edition since not much (if any) value to the coin has been added. 0 of 0 people found the following review helpful. This book is organized by KM# and is very hard ...By Terry D Watson This book is organized by KM# and is very hard to use. There is no index by coins and I have not been able to figure out what silver/gold price was used to value the coins. OK. I think I figured it out. It is organized by face values but the chapters are short and if you click out you get another set and if you click on the table it goes to a chapter in the back that just has the value tables. I still have not found the gold/silver value they used but guess it to be around Feb/Mar 2014. 2 of 2 people found the following review helpful. While the values have been updated, it includes no ...By JACK BARNHART While the values have been updated, it includes no more coins than did the 2014 edition. In fact this "2015" edition was published in 2014 and, except for values, is identical to that published a year earlier. 2013 is the latest date listed.

Discover what the professionals know with the 2015 U.S. Coin Digest, the most complete and comprehensive color guide to all United States coin issues on the market.
