From Krause Publications : 2017 Standard Catalog of World Coins, 1901-2000 before purchasing it in order to gauge whether or not it would be worth my time, and all praised 2017 Standard Catalog of World Coins, 1901-2000:

2 of 2 people found the following review helpful. Was somewhat dismayed that two of the many items that ...By William Rodriguez Was somewhat dismayed that two of the many items that I researched were actually missing from this 'complete catalog'! I also noticed that the 'actual size illustrations' claim that is stated by the writer/publisher is not always the case. My suspicion is that some images were made slightly smaller to accommodate for more text space.0 of 0 people found the following review helpful. I Like it. Its what I wanted By Brian Tamblin. I Like it. Its what I wanted. I don't think pricing is really that accurate, but that's not the reason I purchased it. It was More for identifying coins and the metal content of them. Overall I am happy with the purchase.0 of 0 people found the following review helpful. Five Stars By Maxie Maxwell Just what I was hoping for.

A Standard of Excellence Providing the most compelling and complete reference to 20th century coins on the market, Krause Publications proudly presents the 2017 Standard Catalog of World Coins, 1901-2000, 4th Edition. Unsurpassed in content and coverage, this massive, tradition-rich catalog vetted by an international network of experts provides a comprehensive worldview for beginning or serious collectors, researchers, and coin dealers specializing in 20th century coins. With precious metals values stabilizing worldwide, opportunities abound for purchasing classic circulating coins as well as commemorative issues. Continued market interest in high-grade examples, however, means the catalog continues its efforts to add more MS65 and PR65 values throughout for superior coins. Extensive yet easily managed, the catalog is organized by country, with each listing providing: Current values for coins listed by date, mintmark, and grade Globally accepted KM reference numbers Clear description and invaluable detail What's more, listings for coins minted in silver, gold, platinum and palladium offer key information for navigating the often-turbulent precious metals seas, including: Total coin weight Fineness Actual precious metal weight For more than four decades, the Standard Catalog of World Coins, 1901-2000 has made it possible to invest with confidence in a hobby offering a rich reward.

About the Author Market Analyst Thomas Michael has served as director of world coin values for all of Krause Publications' world coin catalogs for the past 30 years. Equipped with a Bachelor of Arts degree in history and Master of Arts degree in economics, Michael, who has a lifelong passion for numismatics, has played a critical role in the creation of more than 100 industry-leading references.
