T J Mullin : 365 Guns You Must Shoot: The Most Sublime, Weird, and Outrageous Guns Ever before purchasing it in order to gage whether or not it would be worth my time, and all praised 365 Guns You Must Shoot: The Most Sublime, Weird, and Outrageous Guns Ever:

1 of 1 people found the following review helpful. A must have reference guide.By Edward Rudnick IIFor any firearm enthusiast, this is a must have book for new information or reference. Short concise information and very good color photographs. The only problem is that I am a collector and this book is making me find more firearms to add to my want list. Be careful what you wish for, it gets expensive.0 of 0 people found the following review helpful. But itBy CustomerThe concept of this seemed kind of hokey to me at first. This book is really, really cool. Great little reference for those who haven't had experience with the specific guns they may be interested in. Plus you can rest assured the author actually SHOT the guns and carried them around. And trust me, this gentleman knows guns. I know a LOT

about guns, they're my passion, and I've learned plenty from this. Get it. You will learn something. Guaranteed. 0 of 1 people found the following review helpful. Interesting

Just a good book to review various firearms

The closest you can come to 365 of the most iconic guns in the world without actually shooting them! This fully illustrated collection of the 365 most iconic guns in world history that collectors, enthusiasts, and serious-minded hobbyists would love to shoot if given the chance is unique, complete, and spellbinding. T. J. Mullin, a prolific and well-regarded gun writer and expert on all types of guns, profiles top handguns and rifles, some common and some unique, and contextualizes them with period and modern photographs, situates them in proper historical context, and then provides unique specifications for each one. Don't miss this entertaining presentation of a the world's most unique guns!

"Indeed, the physical quality of 365 Guns is exceptional, with heavy, semi-gloss pages featuring a mix of quality original photography-including photos of the author himself shooting the guns-alongside historical photographs placing the weapons in context. The book's cover price of \$22.99 can be therefore be justified by what you get in its 320 pages from Zenith Press before even opening." - Guns.com
