Bruce Hershenson, Richard Allen : 60 Great Horror Movie Posters: Volume 19 of the Illustrated History of Movies Through Posters (Illustrated History of Movies Through Posters, Volume 19) before purchasing it in order to gage whether or not it would be worth my time, and all praised 60 Great Horror Movie Posters: Volume 19 of the Illustrated History of Movies Through Posters (Illustrated History of Movies Through Posters, Volume 19):

1 of 1 people found the following review helpful. Clear and Glorious PicturesBy Brian GagnonThroughout the Illustrated Movies series, there have been many posters. Some had their own pages. Other had to share a page. This entry in the series changes that. It has 60 posters having their own page each. The height of the posters is just right.

The posters are legible and clear and you don't have to squint to see them. BTW, the author in the introduction stated how these books can be better than the average coffee book table with how clear the posters are. One read through this book shows just how right he is. 1 of 1 people found the following review helpful. Five Stars By Noel Young Thank you for the fast service and great product 1 of 2 people found the following review helpful. Neat Concept for a Book! By More Endor I bought this book for my husband, a movie lover. This book is a compilation of various horror movie posters spanning from early horror movies to 80s flicks. We enjoyed flipping through the pages and examining the interesting and artful posters. I would recommend this to someone who enjoys both recognizable and obscure horror movies, as I'm sure we'll revisit it many times.

Book by Hershenson, Bruce, Allen, Richard
