Light on text, but loaded with over 200 colour images of posters, lobbies, stills, promotional items, admats, magazine covers, etc. I collect Thai posters, and found this to be an entertaining look into their rich movie heritage. Got this for \$14.75 + SH from a NYC seller. Brand

new, sealed, in excellent condition and sent in a well padded box (no bent corners on this lovely hard cover edition).0 of 0 people found the following review helpful. Excellent Visual Introduction to Thai CinemaBy MayaThis book is beautifully presented using colour images of old movies posters, movie stars and general Thai movie information that is indispensible for the Thai cinema lover.A great book and a must addition for those serious about their Thai cinema.

Thais began shooting films in 1900; cinema soon became a very popular form of entertainment, which had its golden age in the 1930s. This book provides both a history of Thai cinema and a visual record of all the associated memorabilia, including movie posters.
