A Christmas Treasury
By megHanI really like the way this was done and the kids really got into the old-fashioned pictures. Basically, this is a set of popular Christmas stories told mainly through pictures that look like old-fashioned postcards. The last two stories - Polar Bear at the Zoo and Christmas ABC - are actual stories, where the other ones have very few words. The pictures were beautiful and kept their attention - and without a lot of words, it gave them the chance to tell their own stories using the pictures, something that they really enjoy doing.
Note: I received a copy of this book from NetGalley in exchange for an honest and unbiased review.

By Home Educating MomI love old Christmas pictures and stories. This one was filled with and told mainly with pictures from days gone by. The stories were cute and perfect for the young child to enjoy during the magical Christmas season. I would get the paperback version and not the Kindle version. I don't know if the formatting was just off on my review copy but often the picture and text were on different pages so I would tap past the picture before getting to read the text and we had to keep going back after reading to look at the pictures again. So this is one book I say get a hard copy of and don't try to view it on the Kindle.

"The pictures were gorgeous and reminded me of an old fashioned Christmas. Many of the tales are classic tales but the illustrations used makes the stories unique again. Very enjoyable and I can see many families enjoying this one."
— Fallsburg Library
This lovely holiday anthology features seasonal classics from the turn of the twentieth century. Recounted in verse, the tales feature quaint color illustrations by popular children's artists of the era such as Margaret Evans Price, W. F. Stecher, Raphael Tuck, and others. Heartwarming tales include: "The Night Before Christmas," Clement C. Moore's timeless poem about a visit from St. Nicholas; "Father Christmas," a celebration of plum pudding, Jack Frost, snowmen, and other holiday delights; "How Santa Filled the Christmas Stockings," in which a little boy discovers the pitfalls of greed; "A Visit to Santa Claus," the story of Teddy's trip in his glider to Santa's workshop; "Polar Bear at the Zoo," in which Teddy and his flying machine return to the North Pole with a polar bear; and "Christmas ABC," charming verse couplets that spell out Yuletide treats.
