Christopher Ailsby : A Collector's Guide to: World War 2 German Medals and Political Awards before purchasing it in order to gage whether or not it would be worth my time, and all praised A Collector's Guide to: World War 2 German Medals and Political Awards:

3 of 3 people found the following review helpful. Well doneBy Jeff S. GraingerJust when i thought i had all of the necessary books on collecting 3rd reich medals, this one just happened to show up. As a collector, books like this are

extremely handy, and can fill you in on a lot of good info and is perfect to bring to militaria shows as a backup just to be sure your getting the real stuff. What i like the most is that this book details most of the medals that were awarded and lists the known makers for such medals along with there proofmarkings. If you collect medals, this book is very desireable to own and could quite possibly help you in detecting some of the fakes out there.2 of 3 people found the following review helpful. get the better bookBy B. NASKIGot the book, made a mistake thought it was the better book with prices, the heading fooled me,leave this book here for amateursget the, niemann, german medals number 3, much better book with prices, great photos that helpt to identify your medals. and price them1 of 3 people found the following review helpful. WW2 COLLECTORS GUIDEBy voltageman7The book is an overpriced outdated guide. The pics are very small and are in black and white, useless in todays market. The seller clearly overcharged for the book in it's condition. I can not recomend the seller.

Metal awards and decorations of the Third Reich are decribed in exhaustive detail with the aid of 266 photographs. Front and back covers show 26 decorations in full color. The numerous classes of the Iron Cross are examined (with every recipient listed in the case of the rarer grades), along with all military decorations from the best-known to such obscurities as the Army Balloon Observer's Badge. An extensive section also covers decorations awarded for service in the Spanish Civil War and numerous Nazi Party and State decorations. Sections are also devoted to storing, cleaning and appraising decorations.
