I often find this extremely useful for my determination of buying and/or selling values. In addition, with the up-to-date coin values listed, I can deduce what is worth to collect. I pretty much collected each year's guide book. When you are a coin collector, this guide book is a must have item. Strongly recommended for all the US coin collectors.0 of 0 people found the following review helpful. My Red Book!!By FireBreak!!This is an Outstanding book to own. It identifies all coins published to date in this book. Even gives you mintages and varieties. Will help you evaluate the value of your personal Coin Collection. I would recommend this book and series to anyone serious in collecting.1 of 2 people found the following review helpful. Essential for all US Coin CollectorsBy Simon Rubinstein-SalzedoA very good book which is a must for all US coin collectors. The only problem is that the prices are sometimes outdated, but they are in all the books.
