Kenneth Bressett, R. S. Yeoman : A Guide Book of United States Coins 2016 Large Print before purchasing it in order to gauge whether or not it would be worth my time, and all praised A Guide Book of United States Coins 2016 Large Print:

5 of 5 people found the following review helpful. If you can have one coin reference book.....By Rainkentry This is a great coin reference guide and the large print makes it easy to read and use if you have good or poor eye site. If you can only afford one coin reference book it should be this book. I know the internet can give you more up to date coin prices but this gives you much more additional information about grading and coin mintage and all the information for ALL US coins is one handy place. I like to take it to coin shows and I use it to keep an inventory reference of what coins I have or do not have. 5 of 5 people found the following review helpful. Great reference book for collecting United States coin. By JOEL T. NEWTON Great reference book for collecting United States coin. Plenty of pictures and price guides as well as a brief history of each coin. 3 of 3 people found the following review helpful. It is perfect for him bc the writing is actually big enough ...By Andrea Patrizio I bought this book for my dad bc he's a coin collector and when he got it he called me up and said "This book is Mint". It is perfect for him bc the writing is actually big enough where you don't need a magnifying glass to read it. I'm so happy he loved it.

A Guide Book of United States Coins, 69th edition (2016 edition) The Official Red Book®—A Guide Book of United States Coins—is 69 years young and going strong. Collectors around the country love the book's grade-by-grade

values, auction records, historical background, detailed specifications, high-resolution photographs, and accurate mintage data. How rare are your coins? How much are they worth? The Red Book tells you, covering everything from early colonial copper tokens to hefty Old West silver dollars and dazzling gold coins. You'll find 32,500+ prices for more than 7,600 coins, tokens, medals, sets, and other collectibles. You'll also round out your education in commemoratives, Proof and Mint coins, error coins, Civil War tokens, Confederate coins, private gold, and all the latest National Park quarters, Presidential and Native American dollars, Lincoln cents, and more. Articles on investing, grading coins, and detecting counterfeits will make you a savvy collector; and entertaining essays on the history of American coinage, shipwrecks and hoards, and the modern rare-coin market give you an inside look at "the hobby of kings." These are just some of the features of the informative, entertaining, invaluable Red Book—the world's best-selling coin price guide (more than 23 million copies sold).448 pages.
