**R.S. YEOMAN : A Guide Book of United States Coins: 27th Edition, 1974** before purchasing it in order to gage whether or not it would be worth my time, and all praised A Guide Book of United States Coins: 27th Edition, 1974:

A good reference book for American currency. Would be a great edition to a coin collectors reference library. Text and illustrations. It also has pricing but given the age I wouldn't claim to be accurate. It would make a great gift idea.
