From Brand: Quite Specific Media Group Ltd : A Pictorial History of Costume before purchasing it in order to gauge whether or not it would be worth my time, and all praised A Pictorial History of Costume:

0 of 0 people found the following review helpful. Just beautiful. By Melissa I had seen this book in a library before so I knew what I was getting. If you're looking for a history of historical dress this wouldn't be for you, since it is almost entirely pictures. However the pictures are gorgeously detailed and interesting in and of themselves. 7 of 7 people found the following review helpful. Excellent illustrations in excruciating detail. By Bao Tranchi (kc122@earthlink.net) Dating from the nineteenth century, this book is a collection of handcoloured, engraving illustrations. Often times, costume history books stay within the boundaries of the European culture, failing the reader who may want to see what the Mongoloids wore while Josephine pranced around France in her empire gown. This book, unabashedly illustrates without bias, different cultures that existed around the world at the time. Indeed, a very beautiful and invaluable source of research.

Introduction in English, German, French, Italian, Spanish, Japanese, and Chinese.
