pocket guide to Cambodian Silk: what it is - where to find it - how to come home with a national treasure:

Did you know that most “Cambodian silk” sold today is not silk, not made in Cambodia, not hand woven, and not even natural fiber? This book will show you what Cambodian silk is, where to find it, and how to select it. Packed with information for both the tourist on the go and the one who has time to explore, it includes a Quick Shopping Guide and directions to traditional weaving villages. It will teach you how to assess color, pattern and quality, so that you too can come home with one of Cambodia’s national treasures. And for those of you who just want a luxurious silk blanket, or a great scarf for hiking back home, this book will enable you to find exactly what you want.
