Abbott's american watchmaker and jewelerBy dasleronExcerpt from preface:This book is a first for its kind. It has been published to provide helpful information to the jeweler and watchmaker. It illustrates and describes "Modern American tools". The watchmaker is often asked to repair music boxes, cameras, fishing reels, phonographs, musical instruments, electric motors, statuettes, pipes and many other objects. This volume is intent to give the workman helpful hints, instructions and pointers. It has proven to be a great reference guide because it has been revised and enlarged 12 times.It is an encyclopedia for the horologist, jeweler, gold and silversmith. Containing hundreds of private receipts and formulas compiled from the best and most reliable sources. Complete directions for using all the latest tools, attachments and devices for watchmakers and jewelers.
