Sylvia Tompkins : America's Salt Pepper Shakers (Schiffer Book for Collectors) before purchasing it in order to gage whether or not it would be worth my time, and all praised America's Salt Pepper Shakers (Schiffer Book for Collectors):

Found in a seemingly endless variety of shapes and styles, salt and pepper shakers have great collector appeal and are easy to display and enjoy! While interest has been steadily growing in American-made salt and pepper shakers, little has been written before on these charming and colorful "homegrown" collectibles. Now two well-known authors are together to present more than 800 American-made sets from the 1930s to the 1960s, along with background information on the companies and artists that produced them. Shown in over 650 color photos are shaker sets made by Rosemeade and Messer, sets from more than ten California potteries, and several never-before-seen sets from Ceramic

Arts Studios. The authors provide helpful information on marks, labels, and other means of identification, and the captions include descriptions, heights, and values. A must for every salt and pepper shaker enthusiasts' library!

About the AuthorA salt and pepper collector since the mid-1970s, Sylvia Tompkins lives in Lancaster, Pennsylvania, and has co-authored five salt and pepper books to date. Irene Thornburg began collecting salt and pepper shakers in 1949. She lives in Battle Creek, Michigan, and is the author of two previous books on salt and pepper shaker series.
