Ian M.G. Quimby : American Silver at Winterthur (Winterthur Book) before purchasing it in order to gauge whether or not it would be worth my time, and all praised American Silver at Winterthur (Winterthur Book):

This study concentrates on 162 silversmiths and their wares. Introductory essays discuss aspects of silverware including The Nature and Use of Silver. Biographical data on the silversmiths is incorporated which includes information on: size; weight; fabrication methods; and engraving.

From the Publisher 9 x 11 trim. 680 illus. 7 tables. 517 entries. LC 95-14228
