Americas, Australia, Pacific Islands Costumed Dolls : Price By A Customer Excellent little book. A must for any doll collector, especially those who collect international dolls. Book is simply done but very informative. Lots of photos. As a maker of Pacific Island Dolls, I found it to be a jewel to add to

my doll book collection and I ONLY purchase doll books that stand out to me, as I travel throughout the So. Pacific and cannot keep a large book collection. As a cultural Anthropologist, I find my doll collection and making hobby to be a fun and significant addition to my work. All cultures of the world have some form of "dolls" and they play different roles in all of them. I highly recommend this book to any collector of dolls/books. My only complaint is that it is not long enough. A very exciting find to me ! Well written by Mother/Daughter team who also have written other doll books I hope to add to my collection. Buy this book ! Small price for the content of information on a rarely focused on subject.

The definitive price and identification guide for costumed and travel dolls of the Americas, Australia, and Pacific islands! This book helps you to identify and price your charismatic travel and costume dolls while providing fascinating historical and cultural information on the specific region. A great resource book for history students of all ages.
