Dad likes the Coin Collectors Inventory Record (blue cover) betterBy FredsmomOrdered this for Dad, who likes to collect coins and he wanted a better way to take his current inventory and wish list with him when looking around at vendor offerings without "bulk". At the same time, we also ordered the Coin Collectors Inventory record (blue cover). Once he got both versions, he decided he liked the other version better specifically because it was smaller and fit in his pocket better.Still recommended as long as the size is compatible with your needs.0 of 0 people found the following review helpful.
