Just right !By QMMMy 7 year old grandson has really taken an interest in marbles since he viewed my big jar of old marbles that belonged to my father. All of these marbles date back to the turn of the century to about 1920.He is so fascinated and loves them so much that I am giving him these marbles in the antique jar they have been in for the last 50 years.. and purchased this book for him as well for his 8th birthday coming up shortly. It is just the right size for him to get started on this new found adventure. Thank you for the quick shipping..I know that he will love this book to compare with some of the treasured marbles in that jar!
