Five StarsBy Chris HardyWhoo Whee47 of 47 people found the following review helpful. THE BIBLE for Stanley tool collectors and researchersBy chagrinite@aol.comThis extensive book covers almost every tool made by Stanley. The author had assistance from the Stanley Works in Conn and many major tool collectors. Tools are very accurately described so that amature collectors can determine the model , manufacture date and current value of most Stanley tools. A very detailed review of the major categories of planes and patents is presented in the back of the book along with a complete index by tool model number.If you collect Stanley tools, this book HAS to be in your workshop.

1996 Revised edition 885 page hardcover in jacket. Illustrated throughout, the definitive guide to Stanley collectible tools. ISBN is 1878911015 Amazon catalog is incorrect and shows that ISBN as a paperback.
