6 of 6 people found the following review helpful. Required readingBy R. OrłowskiThis is one of the most comprehensive books on the early development of the bottle; particularly those from England and the Low Countries. Absolutely beautiful photographs on nearly every page, complete bibliography for further reference. This book is in

the same class as the revered McKearin volumes, and every serious collector of 17th, 18th, and early 19th century bottles should have a copy in their library.0 of 0 people found the following review helpful. Recommended!By CustomerVery good book that covers a lot of early blown bottles made in England and continental Europe. Quite informative.1 of 1 people found the following review helpful. Excellent reference book on old bottles.By Norma HaskinsI have learned so much about collecting bottles from this book. It's a wonder. I take it with me whenever I go antiquing.

A visual history of the evolution of the utility bottle, ranging over 350 years.

"Laid out in a phantastic manner. This is a book that needs to be required". -- Australian Bottle Collectables , Jan.- March 2001."Only once in a generation does a really fine bottle book get published. This review is about one of the best of them." -- The Magazine of the Federation of American Historical Bottle Collectors), June 2001"This book is undoubtedly a major, wholly comprehensive, illustrated landmark guide and reference." -- Bottles and Extras (Magazine of the US FHBC), June 2001"Willy's book is a Wow! The photographs are "out of this world",quality and breath unbelievable.A real must-have title".(British Bottle (BBR), April-June 2001) -- British Bottle (BBR), April-June 2001Photographs superb,text well written,easy to understand.Book well bound.Attractive dust jacket,paper used inside of high quality,printing is excellent. -- David Westcott Publications, Australia, May 3, 2001From the PublisherLuxury edition.The book weights 2,3 kilo and is 38 mm (1 1/4 inch) thick.From the AuthorThe concept of the book is very users friendly.
