Pete Georgiady : Antique Golf Collectibles, Identification Value Guide; Clubs, Balls, Books, Ceramics, Metalwares, Ephemera before purchasing it in order to gage whether or not it would be worth my time, and all praised Antique Golf Collectibles, Identification Value Guide; Clubs, Balls, Books, Ceramics, Metalwares, Ephemera:

0 of 0 people found the following review helpful. I thought this would have WAY more information on older ...By Jon DI thought this would have WAY more information on older clubs. Maybe its safe to assume that if they are not in this book, they are not really collectible. I got more information from just looking on eBay for what people have sold in the past, which in my opinion is the closest you can get to true value.0 of 0 people found the following review helpful. Poor Quality.By steve c.Very poor quality. When I received it (New) the pages were separated from the spine.0 of 0

In the world of sports, golf stands unique. Its memorabilia goes back over two centuries and it offers collectors an enormous breadth of items to accumulate, much at very affordable prices. The 750 color photographs in this volume provide an introduction to the different categories of golf collectibles. Antique golf clubs and balls, the heart of the game, are covered in detail. Books about golf, comics, old photographs, postage stamps, postcards, jewelry, ceramics, silverware, and toys from the United States and Britain show how golf themes have been incorporated into the form of everyday items for over a century. Museum quality pieces are presented along with items still available at flea markets and swap meets. This book guides the collector on a tour of the many facets of golf and demonstrates that there is still plenty of opportunity to develop a collection of golf items.

There are lots of books on golf collectibles out there. However, *Antique Golf Collectibles* newly released from Collector Books is one of the best organized and delivered of them all. The wide coverage includes clubs, balls, ceramics, metal wares, and all sorts of (paper) ephemera. "Golf is older than soccer, tennis, and the modern Olympics," notes author Pete Georgiady. "It is still a relatively quite pastime. It's not overcrowded and the items are not overpriced." About the Author When Pete Georgiady is not involved in golf research, golf collecting, or golf writing, he is probably watching tapes and reading newspaper reports of his beloved Manchester United Football Club. He is an avid fan of English and Scottish Premier League soccer. He enjoys playing golf and antiques. His home is a mixture of antique items and golf memorabilia. He has an unabated love for British golf, especially the formative years in Scotland.
