Kyle Husfloen : Antique Trader Jewelry Price Guide before purchasing it in order to gage whether or not it would be worth my time, and all praised Antique Trader Jewelry Price Guide:

5 of 6 people found the following review helpful. Private Collection JewelryBy KiraNice book, if all you want to do is look at a private collection or museum pieces! None of the jewelry in this lovely book is going to be available to the average Joe or Jane. This is all Top Quality, Take out A Loan, Jewelry! This is fine for dreaming, but that is all. If you are a high end estate jewelry sales person, this may be of value to you, but otherwise, the average person will never see

the jewelry in this book. The prices are in the Thousands and most pieces are one of a kind. Not exactly what I thought I was purchasing. Still, the photographs are beautiful. The layout is nicely done. Just not for the everyday jewelry collector, in my humble opinion. 0 of 0 people found the following review helpful. Five Stars By Janie green Great color pictures.
