Mao Dabu : Appreciation and Collection of Dark-red Enameled Pottery (Chinese Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Appreciation and Collection of Dark-red Enameled Pottery (Chinese Edition):

This book introduces the origin and development of red pottery of Yixing and the red pottery's clay material, innovative design, decorations, shaping process. Besides, the baking, appreciation, collection of red pottery,

appreciations of famous works by well-known experts and knowledge about seal and sign are also introduced in the book. Meanwhile, the book incorporates a large number of pictures of red pottery which the red pottery enthusiasts may find desirable and helpful. All these are only a stroke of description of the red pottery culture and are far from giving a panorama account of the art. The author sincerely hopes that the publication of the book will be of some help for those who are passionate with red pottery in their collection, discrimination, investment and appreciation of precious teapots produced in Yiyong.
