Good variety but not stiff enough for mailingBy Ella KwintThese are super fun and I'm a fan of the cards and stickers Dover offers--rarely run-of-the-mill. I am a Tom Tierney fan, too; his paper doll collections are exquisite. But ultimately I find these are better for just collecting than mailing. The paper is quite thin and VERY flexible. International mail (I'm a Postcrosser) is not always the kindest, so I worry these could be very easily damaged in transit.Though the fashion selections are adorable and eye-catching and have NO repeats, the cheapy perforation makes removing each card a real pain in the neck and leaves a little serated edge that screams: budget postcards. If I mail one, I add a heavier stock address label and a few stickers to bulk it up; despite the glossy finish, these feel like basically mailing off a slip of paper...one as delicate as 1920s Chanel lingerie. I've yet to have one successfully reach the recipient so I'll keep waiting/crossing fingers.5 stars for selection and art quality2 stars for durability as an actual postal piece0 of 0 people found the following review helpful. Great gift for a vintage fashionista!By sal57This was a perfect gift for someone I know that prefers corresponding via post cards and also adores vintage clothes. The price was very reasonable for this successful purchase.0 of 0 people found the following review helpful. postcardsBy Jason HolmesA great thing to have on hand I will buy it again
