Sun Tzu : Art of War Minibook before purchasing it in order to gauge whether or not it would be worth my time, and all praised Art of War Minibook:

395 of 408 people found the following review helpful. It is a book meant for good. By Customer I want to tell future readers of this book in this way. I read it first when I was 14 or 15. I thought it was a book on how to smartly fight a war. Then I re-read it when I was 28 and it occurred to me that it may be an instruction book on how to navigate an honorable life. Years passed and I recently found it at the bottom of a box in my closet. I read it again at age 56. I realized it has more to offer. If you read this book, you will actively have to replace Sun Tzu's ancient terms and placement of hierarchy and apply them to modern situations and people. Family, bosses, neighbors, employees and the list goes on. It is my belief that this "manual" can help solve minor and major disruptions in life if used correctly. It is a book meant for good. 0 of 0 people found the following review helpful. Love original author. Analyzing author, not so much. Book donated to hospice. By mike murphy Book arrived promptly and in great condition. However, confusingly organized. Where's the text? Not with the appropriate analysis, that's for sure. And the analysis! Wandering, also confusing, and impossible to comprehend. Even text was hard to follow because author placed MORE analysis in the middle of the actual sentences. Have since purchased, on , a simpler, much shorter (68 pages) translation which allows me to finally read Sun Tzu's actual (albeit translated) words, in order. Would give, the analyzing author 1 star, but wouldn't post. Sun Tzu gets 5 stars. 0 of 0 people found the following review helpful. Success through the ages By Ritac Flipping through it I glean bits and pieces of an organized mind. I can easily understand why this book has existed for more than 2000 years. My intention is to read it a little at a time so that I absorb some of the philosophy. I am not interested in war but I am interested in how men think and plan, this should be an excellent guidebook.

HarperCollins is proud to present its new range of best-loved, essential classics. 'Opportunities multiply as they are

seized.' Written in the 6th century BC, Sun Tzu's *The Art of War* is a Chinese military treatise that is still revered today as the ultimate commentary on war and military strategy. Focussing on the principle that one can outsmart your foe mentally by thinking very carefully about strategy before resorting to physical battle, this philosophy continues to be applied to the corporate and business world. Sun Tzu's timeless appraisal of the different aspects of warfare are laid out in 13 chapters, including sections on 'Laying Plans', 'Waging War' and 'Terrain'. Words that are as resonant today in every aspect of our lives as they were when he wrote them.

From Publishers Weekly This new translation of the ancient Chinese military treatise includes chapters of historical analysis touching on its relevance to today's corporate environment. Copyright 1994 Reed Business Information, Inc. "The Art of War is among the greatest classics of military literature ever written. Sun Tzu warfare is as applicable today as when the book was written some 2,500 years ago....Pick up *The Art of War* and read it."--General A.M. Gray, Marine Corps Gazette "As a reflection of the Chinese mind, this little work is as relevant as any Confucian classic."--The Times (London) "Westerners have dozens of books to choose from if they want to learn about Japanese philosophy and military tactics....But when the Japanese, especially those in business, want information on the subject, many turn to an ancient Chinese, not Japanese, military manual, *The Art of War*....Shows managers how to be fearless in resolving conflicts."--Boardroom Reports "Shows managers how to be fearless in resolving conflicts."--Boardroom Reports "A brief tract on strategy that has been admired in China for centuries. Some of Mao Tse Tung's most eloquent thoughts are merely rehashes of Sun Tzu and his interpreters."--The Los Angeles Herald Examiner "Samuel Griffith's original and scholarly translation of *The Art of War* shows how good scholarship can make an easily readable translation that is much more useful to modern readers." --The Philadelphia Inquirer Language Notes Text: English (translation) Original Language: Chinese
