Wedgwood BookBy Benita BarnardI have wanted this book for years, now hard to find in bookstores so I bit the bullet and bought it online. I just love it, even more than I remembered! Tricia Foley is an amazing writer/decorator/author, etc. and I own nearly all of her books. I eagerly await the next book that she publishes.While I have never been a particular fan of the blue Wedgwood, this book is so much more

than that! Much history is imparted in an interesting way and so many patterns and personal collections are shared. Thanks Tricia!

There's only one Wedgwood, but there are limitless expressions of Wedgwood style. *At Home with Wedgwood* showcases 250 years of the company's innovations—in all its manifestations—and the imaginative ways today's collectors draw inspiration from the past and integrate Wedgwood pieces into their lives. Whether gracing a table for Saturday breakfast, bringing whimsy to a garden party, or arranged for a formal affair, Wedgwood is classically beautiful yet contemporarily stylish. Quite simply, Wedgwood is as much at home on the everyday table as it is when carefully styled for special occasions. At the heart of *At Home with Wedgwood* are the homes of a group of renowned collectors, beautifully photographed to reveal how this diverse and dynamic group of people live and entertain with Wedgwood. From Carolynne Roehm's movable feast to Charlotte Moss's after-the-ballet supper, from the vintage collection that fills Thomas O'Brien's country house to Jasper Conran's English style, and from Vera Wang's elegant bridal shower to Martha Stewart's perfect setting, you will see how today's style makers draw on their Wedgwood for every occasion. *At Home with Wedgwood* also includes a stunning visual gallery of patterns—from classic favorites to popular new motifs—and a portrait of Josiah Wedgwood, the company's inspirational founder whose values still inform Wedgwood today. Finally, a resource section makes this both a sumptuous book of style and a practical guide to the world's best-known maker of tableware.
