Gordon Gardiner, Alistair Morris : Automobilia: 20th Century International Reference with Price Guide before purchasing it in order to gauge whether or not it would be worth my time, and all praised Automobilia: 20th Century International Reference with Price Guide:

A third revised edition of the guide to collecting automobilia which includes identification and general interest comments, as well as old catalogue illustrations and a price guide. A new section covers motor sport and post-1950

motoring.
