In fact, I loved it so much I had (had!) to buy one for myself. Born and raised in Southern California -- so this book is a TREAT! "Barbie" arrived after my time, but so many of these places were here before me, during my heyday, and bring back so many GREAT memories! Tooooo cute for words! Just get one for yourself -- or a friend!0 of 0 people found the following review helpful. Five StarsBy D. BoggsFantastic Barbie book the photography is amazing. Great pics of LA to boot! Cant wait to see her in Paris!

Barbie just can't get enough of Southern California. She shows us her favourite spots - from Pink's Hot Dogs to City Hall and the Beverly Hills Hotel, always wearing her best vintage outfits. She even takes Ken, Midge and the whole gang along on the tour. For anyone who loves L.A. or anyone who loves Barbie - and especially for those smitten with both - this full colour tour de force by Hollywood costume designer and photographer Greg LaVoi is sure to please.
