This book contains a lot of cards from all years as stated, the deceiving part that they don't tell you is that they are only pricing common cards and very very few jersey/auto cards. ONLY good if you are into collecting base sets from the products. I would highly recommend that you look inside the book before you buy it, there is a little link under the picture at the top of the page that allows you to do so.0 of 0 people found the following review helpful. good price guideBy GEORGE E.
