Diana Callow, Marilyn Sweet, Peter, John : Beswick Animals (4th Edition) : The Charlton Standard Catalogue before purchasing it in order to gage whether or not it would be worth my time, and all praised Beswick Animals (4th Edition) : The Charlton Standard Catalogue:

1 of 1 people found the following review helpful. Very useful identification and price referenceBy Prairie RainI like the guide overall. It has color photos of each item, but I wish there were photos of both sides of the larger figurines for which multiple models look similar on one side, but different on the other. This would make identification easier, for example, on horses that look the same on one side, and are best identified by the configuration of the mane on the side not pictured. Values of each piece (at the time of publication) are given in both British pound sterling and US dollars. A valuable guide for purchasing or selling the Beswick animal figures.0 of 0 people found the following review helpful. Buy thisBy Graeme GandyReally good much better than book by Jean books that are in black and whit and not colour like this one. The only issue I have it would have bee nice for a few more details. BUT buy this book it

good0 of 0 people found the following review helpful. A great reference to haveBy PigeonVery informative book on Beswick Animals. A great reference to have.

Look no further for a comprehensive listing of all animals produced by John Beswick Studios. Collectors will find over 700 photographs, complete with model number, size, colour, designer, dates of manufacture, discontinued dates and varieties, plus a handy cross-referencing index, in this easy to use pricing guide.
