Four StarsBy Gian Mario AlessiA must for collectors.

The whole spectrum of the Breitling's products, from its founding in 1884 to the present, amply illustrated with 322 photos. The firm's history, including its most famous watch, the Navitimer, accompany the photos, old catalogs, and advertising material. Reference numbers document the production history and help the collector locate individual watches chronologically. An up-to-date price guide is also included.
