Comic Book Cover ReprintsBy Alessandra VasyutaThis is a very nice book, much larger than I was picturing for some reason. Note: it is actually a reprint of 40 comic book covers, not purpose-designed posters, and nothing from the film series. I will frame more

than one and hang them in my Cap-themed office at work, but if you are thinking this will include anything with Chris Evans, you will be disappointed. It is simply a series of comic book covers reproduced in a large format. That said, it is printed on strong cardstock and handled shipping very well. 0 of 0 people found the following review helpful.
